A Wicked Good Time

Need to sell multiple Xena/Hercules Props and Wardrobe?

GROUP MAILINGS

Lets have some fun selling on our terms without ebay fees and build our collections through other serious Xena and Hercules enthusiasts. We all need to sell items occasionally for various reasons so instead of dealing with the ebay rules and fees lets try selling among ourselves rendering a most satisfying and fun transaction for all. We have all had a run in with unsavory sellers and buyers that lurk around on ebay so this will keep prop and wardrobe sales among our circle and we know they will be going to a good home

I can do a group mailing with a general list of descriptions and prices of items you have for sale. Then you can sell them on a first come first serve basis to the collectors who respond to you.

Any questions comments or suggestions on these mailings backed by Xena Prop House please email allaboutartgalry@aol.com **-Barbie Arms-**

Cool Roulette table seen in Xena Episode 'King Con'

Crossbow

Pistol-sized crossbow of the same type used by Alti in the India episodes. The thick elastic cord is original. The underside view shows the modern metal pistol frame to which the ancient world decoration is added.

Crossbow Top

Tricia has an amazing collection and I will be featuring items from her collection in the upcoming months of XPH.

Coming Home

This section is designed to display items that *match back up* with the props or wardrobe that were scattered to all four corners of the earth years ago during the feverish Auctions.

I am on a mission to try and see if I can network collectors to bring wardrobe and props back together a venture I truly enjoy, one prop at a time!

Owned by Mart

Mart has been vigorously working on getting the Amazons back together. Here is another new Amazon outfit

Here she is amazon #7....she has a leather braided amazon headband with a feather hair piece, she has a bone carved Maori tiki style necklace with paua shell eyes, she has a leather fringe amazon bra top that ties in the back very much like the Varia outfit, a set of braided leather upper armbands, a leather and possum fur bandolier, a pair of possum fur wrapped wrist guards, a leather petal skirt with a pair of leather/material panties underneath, a very special belt that I put together from some assorted amazon pieces; made of leather, amazon beads and a copper spiral and then last but not least she has a pair of leather amazon warrior boots.

Mart has also acquired 2 Amazon Bird swords featured in Paradise Found.

Silk Screen Pattern **FOUND**

We featured this silk screen pattern a few issues past and found that the pattern was used for Xena's corset in Xena Episode 'Heart of Darkness'

Does anyone know who has this corset?

Owned by Lee X 2

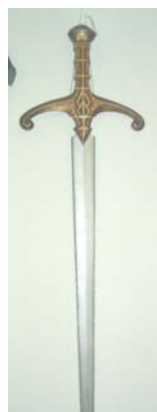

Lee bought these swords from SPLW most of you recognize this reputable seller.

The first one is a huge rubber sword measuring 49" in length with a blade 3 1/2" wide. The handle is 14 x 9 with skulls at the top and on the hilt. Obviously a doublehanded piece but who might have carried something like this?

The second sword is a gold metal handle and very substantial measuring 9x9. The blade is reinforced resin with just a few minor dings. Item measures 34" in total length.

8. This strap has very nice leatherwork maybe something used by the centaurs but no luck in finding them yet. They are two braided leather straps and are quite large and heavy. Included is a replica Xena sword to get an idea of the scale of the items.

Here is a silver bracelet that came out of a box that was a brown carton labeled Gabrielle/Renée that had goodies in it! Can anyone verify the validity of these bracelets worn by Gabrielle?

4. Gauntlets

Here are Gauntlets made really well of woven black leather strips. They say Kora and also say Emma inside. They were supposed to be from Young Hercules. So far, Kora in Young Hercules did not wear them and I have no idea about an Emma they are 2 different people as the actress who played Kora is not named Emma, could have been her stunt or double.

1. This looks very familiar to me but I do not know what episode it was seen in, can anyone help? The dangles are the same as seen on the cherish costume and armbands Lucy wore in X 1 E 17 "The Royal Couple of Thieves". Interesting how the prop makers re used designs.

allaboutartgalry@aol.com

Owned by Mart Burrow x 11

1. Very beautiful intricate Spear.

2. Gauntlets

3. Dagger and Sheath

4. Leather Wardrobe

Leather Wardrobe is made of vinyl soft leather like material and lined with soft cotton material and all decorations are hand painted. All the designs are Egyptian especially with the Egyptian eyes and what seems to me to be Isis in the front. It consists of a set of gauntlets, a dress and a set of greaves.

6. Piece of cloth with a dragon

7 & 8 Amazon Mask and elaborate necklace, the large medallion is 3" across, the middle one is 2 1/2" and the smallest one is 2".

9. Here are 2 daggers, one is a standard dagger the other is a FX dagger that holds a blood tube in the handle so you can squeeze it a little as you cut someone and have the blood cut appear. It has a thin tube with holes in it that runs the full length of the blade but the holes are only from the tip to about half way down. The handles are made of closed cell foam with a resin coating and then painted but the blades are rubber, neat little daggers measuring 9" long that look identical in appearance.

10 & 11 Beaded and Coconut Amazons belts

For Sale by Torey Hercules complete costume

. Price reduced **\$5,000 FIRM**

It is COMPLETE and it has the costume tags and IAW COA and everything is HIS. It even has mints in his little leather pouch (probably for his close ups with the ladies)

Kevin Sorbo wore this full costume in the 5th season Xena episode "God Fearing Child" where Xena had her baby and Hercules was hugged by Lucy at least a few times while wearing that costume. It also does come with the costume tag that states it to be Kevin Sorbo's complete costume. The tag reads Xena EP. # 13 Kevin Sorbo Hercules.

The detail on Kevin's left gauntlet is astounding. Kevin always said," When the gauntlets come on- I AM Hercules!"

The right gauntlet is the nicer of the two- with a red carnelian polished stone in it.

Please contact ldypegasus2002@aol.com for more information and pictures

For Sale by Lorraine aka Kimba X 3

1. Livia Metal Sword

Adrienne used it in all her close ups, it is electroplated to be shiny for the camera and has the COA from IAW and was purchased from Anne Davidson

Price Reduced \$1,100 or Best Offer

2. Xena Stunt Boots

Here are Lucy's stunt boots and they come with the IAW COA showing that they are Lucy's with a label. Something else to be said about these boots- Lucy herself advertised these boots on her site stating them to be hers, as they were auctioned off for charity, along with quite a few other props and costumes of hers at the time. They are also her size so even though we know they aren't her hero boots, we know she obviously did some stunts on horseback, and these are equestrian boots. Lucy wore these English equestrian boots when she did limited stunt work on top of Tilly (Argo) the beautiful palomino mare she rode throughout the series. The boots are actually black painted brown to go with her brown leathers. They are a size 10 1/2 (her size) and are a rubber material not leather like her normal boots. \$150

3. XENA DRESS AS A ROMAN NOBLE NAMED FASMINA FROM XENA EPISODE 'LEGACY'

LUCY SIGNED THE DRESS ON THE INSIDE. THIS DRESS COMES WITH 2 NECKLACES. THE RINGS AND BLUE STONE NECKLACE WERE SEPARATED FROM THE DRESS YEARS AGO.

PRICE REDUCED \$1,500

SCREEN CAPTURE OF XENA AS FASMINA IN "LEGACY"

SHAMANESS COSTUME TUNIC TOP AND PANTS FROM "ADVENTURES IN THE SIN TRADE"

\$1,200 OR BEST OFFER

This is the costume that Xena wore in the episode- Adventures in the Sin Trade 1 and 2. The headdress is **not** included. It comes with the COA from IAW there is no costume tag- but I compared it to others of hers and it is an exact match along with the long pant size length! Also, if someone does buy it- I will throw in the Amazon queen necklace that I have pictured with it for free- obviously she didn't wear it, but the necklace is nice, and it obviously came from one of the Queens in the council from Path of Vengeance.

PLEASE CONTACT LORRAINE FOR MORE INFORMATION AND PICTURES XWPARGO@AOL.COM

For Sale by Ellie

Ellie is making travel arrangements to Kenya, as she will be returning to work with the baby elephants at the end of December. Because of the new ivory sanctions to China, there are many new orphans who will need lots of support and healing.

Ellie with a baby elephant and baby rhino

Ellie came up with a great idea!

Since people don't seem to have a lot of liquid assets these days she felt that there may be a lot of people who have a bunch of frequent flyer miles that they don't, or won't, be using...or maybe it's just too expensive for people to travel anywhere right now, and so their frequent flyer miles may expire. Since Ellie NEEDS frequent flyer miles or airplane tickets for her travels, then maybe people can use theirs to buy the remainder of her Xena things for sale. So Ellie devised a "price list" if someone is interested in donating some of their miles to buy her a ticket to Kenya (which would only really cost about \$150 to transact)...Ellie's next mode of research is for the wildlife and whales in Alaska and a possible opportunity to go swim with the humpback whales in Tahiti.

Schedule as follows

- \$1500 Callisto Angel Wings and Hudson Harnass with receipt from effects company (ticket to Kenya using miles)
- \$1000 Xena resin FIN Katana with IAW COA (ticket to Kenya)
- \$1000 Xena/Gab metal Gurkhan Dagger and Sheath with IAW COA **SOLD**
- \$1000 Callisto Angel Wings with no harnass with receipt from effects company (ticket to Kenya)
- \$600 Valkyrie Helmet with IAW COA and corset and gauntlets **SOLD**
- \$600 Gabrielle's Fishsticks Tail
- \$200 Special Effects Xena Head with removeable face to skull **SOLD**
- \$150 Amazon/Misc Spears
- \$150 Amazon/Misc Spears
- \$150 Amazon/Misc Spears
- \$150 King Lias' Crown and Gauntlets
- \$150 Xena Valkyrie Corset and Gauntlets
- \$75 Leather Boots with missing laces

I am currently offering payment plans, since I know that many of you have been affected by the economy. Please feel free to contact me, so we can work out a plan for you.

proxyblue@aol.com

Owned by Scott Kronos Stones

They are both made of rubber which suggests they are stunt versions. Scott is guessing they are from the Hercules episode "The End is the Beginning." In that episode, there is a stunt in which a horse rides over the stone, shattering it. It could have been dangerous to use a resin prop for that. I'm guessing they used rubber to avoid injury to the horse.

The shards may also have been used by the visual effects team to create digital versions. In the scene, there is clearly a mix of practical props and CG elements

THANK YOU ALL FOR YOUR DONATIONS!

I run the auctions under ebay member name **inthelightofthemoon2**. I loved when Xena and Gabrielle would lie down at night under the stars and talk calmly after a LONG day.

The charity list is growing but the list will always stay in the publication. I am so grateful to Julie who started this chain of giving and am proud of each and every one of you who donated and participated in these auctions! Bravo to you all!

“If The Shoe Fits”

This is a Q and A section to help get those important questions answered.

Q I recently purchased a dagger that I originally thought was a lighter weight resin, but on further examination, found that it is definitely coated in metal, or perhaps made of a very lightweight metal. It "sings" loudly when tapped against another metal object, whereas my resin daggers do not make this same melodic sound. It also feels like metal when you touch it, although it is painted gold over the metal parts and not "shiny" like you would expect metal to be. It is common knowledge and I believe verified by the Black Wolf (Roger) that the prop dept. used four different materials for their weapons: Foam, resin, rubber and metal. However, most metal weapons I have handled are definitely quite heavy. My dagger is clearly metal but not very heavy; in fact, not even as heavy as some of my resin daggers. Can anyone shed any light on what this may be made of or the process of electroplating? I thought in order to electroplate an item, the surface of the object to be electroplated also had to be metal for the charge to be conducted and the process to succeed. The dagger's origins are 100 percent genuine and it is from the set (it is a Livia style dagger) but this is the first time I have owned a dagger made of this material. Any thoughts? **MORGAN**

A Now I'm not sure of what process is used to make these metal plated props but I'm assuming that what you have Morgan is similar to my "Evil Xena" sword. It has a metal plating over what looks to be a resin core. The metal plating is quite thick and flexible. Similar to extremely heavy aluminum foil. Below is a picture taken of the cut end of the Xena sword which gives a great cross-section of how it is made. Notice how you can see part of the metal peeled back near the tip. Hope this helps!

Here is a shot my friend took of the launching of the space shuttle recently here in Florida at Cape Canaveral

The Quill is Mightier

Xena (grumbling): I bet you'd never catch Hercules doing a guest spot on CSI.
Gab: It's for sweeps week, Xena. They're investigating a crime that has historical ties to Athens. They thought it would boost ratings to combine our show with theirs.
Xena: They brought a Glock 9 millimeter to a swordfight, Gabrielle. This won't end well.

Gab: You can catch fourteen arrows between your toes without waking up from a sound sleep, Xena. Are you concerned you won't be able to dodge bullets?

Xena: I'm concerned that Catherine Willows, CSI, won't ever be able to have a discernable facial movement again. Did you see how much Botox that woman has had?

Gab: Just try to play nice, Xena. Oh by the way, Rachael sent you a gourmet frozen chicken with all the trimmings. I think it was her way of forgiving you.

Xena: For what? She's just mad she can't handle a six-inch kitchen knife with as much finesse as I handle a 38-inch sword. Besides, what was left of her pinky healed just fine. Hardly anyone calls her Stumpy.

Catherine Willows, CSI: Hello, girls, it's nice to finally meet you. I caught your show a few times in late-night syndication. But that jingle? "*Her courage will change the world?*" And just what IS going on between you two, anyway?

Xena: Justifiable homicide, if you come any closer to my personal space bubble.

Gab: Hello, Ms. Willows. We've seen your show a few times as well. We watched a lot of TV during that episode where modern world Alti cloned us and then tried to run Xena down with a 72 Firebird.

Catherine Willows, CSI: Well we **are** the highest rated show on television today. The highest rated show ever, in fact. Except for last week, which was a huge letdown. For some reason, more people watched this daytime cooking show with Rachael Ray. Odd....

Xena: You have no idea just how odd. That woman has no place on national television, what with that hideous tic that makes her cheekbones quiver. She's always nervous, and I have no idea how they expect her to chop, dice and slice with any accuracy. She's missing a pinky finger.

Gil Grissom, former CSI, now Producer: Hello ladies. Here are your scripts. We'll need you both in scene 24, over on stage 3. Five minutes.

Xena: Stage 3, Athens...."the Cradle of Western Civilization." Good grief. It looks more like the back room of my mother's tavern.

Gil: Budget cuts forced us to improvise. Just go with it.

Gil: Places, everyone! Okay, Catherine, you and Nick have just landed in Athens and you're heading over to the local law enforcement agency to discuss the similarities between our case and a cold case in their own files. The murder weapon was, allegedly, an ancient artifact, documented as being uncovered somewhere near the Parthenon. The weapon then somehow made its way over to the US and was used in a recent murder here in Vegas. Cue music!

Music playing: *In a time of ancient scumbags, drug dealers and kings.....a land of greed and unjustified corporate bailouts cried out for a hero.....*

Catherine Willows: Hello, Detective Warrior Princess. Thank you for being willing to see us on such short notice. I believe you've already seen the case file.

Xena: I have, and it's actually blank, because it's a prop and not a real case file. But I don't mind telling you that I don't feel comfortable in pantyhose and pumps. One tiny brush against an elongated weapon and I've got a run in my nylons longer than the sentence I just uttered. Where are my leathers?? And what is *this* thing?

Catherine Willows: It's your badge, Xena. You are playing the role of a modern day Greek law enforcement officer. You flash it when you want quick results.

Xena: (pulling a full-length battle sword out of her cleavage) You want results? I've got a better idea....

Catherine Willows: Impressive.....I barely have enough room in mine for my cell phone and car keys.

Gabrielle: Xena, give me the sword.

Xena: Fine. I've still got three boot daggers in these stilettos, and my hair tie doubles as a noose. I can also kill seventy-two different ways with the ketchup packets I got out of the lunch truck.

Gil: Can we get back to the scene, ladies?

Willows: Let's try this again. Detective, have you had any luck in identifying the weapon that we found at our murder scene? Our historian places it somewhere in 5th Century BC. We can't help but think there is a connection.

Xena: It looks like the diaper pin I used in season 5. The last time I saw it, it was sticking out of the forehead of one of Apollo's henchmen. Are you sure you didn't get this on eBay?

Willows: eBay.

Xena: Whatever.

Grissom: Keep the cameras rolling! We'll edit later.

Willows: Do you have anyone here who can verify its origin?

Xena: Probably Tapert, but he hasn't been in the mood to vouch for me since holding me personally responsible for the destruction of his prop truck. Seventeen broken bones and a concussion was all it took to make him cranky. Sheesh. Some people have no control over their tempers.

Willows: Cut! Xena, can you just stick to the script, please?

Xena: The dialogue is dry. I have a blister on my heel from this awful footwear. And this storyline could use a few more fight scenes.

Willows: It's a *conversation*, Xena. All the running and screaming and dying, that comes later.

Xena: Why didn't you tell me it gets better? Okay, let's try this again then. (reading from script): I think you're right, CSI Willows from Las Vegas. Surely there must be a connection between my case and yours. It says so right here in the script.

Willows: XENA!

Xena: Sorry. Ahem...(reading from script again): I'll have my deputy check with the museum curator to see if they have any details on the missing artifact, such as if it was part of a larger robbery. If it was, then I'll ...(pauses) You know, Grissom, right here in this scene would be a great time for the amazons to show up. They could fight with some of the locals for screen time. Skimpy amazon outfits always make the ratings soar. Personally, I'd like to see how long it would take your lab rats to identify the tool marks left by a three-foot resin tooth club.

Grissom: I'll take that under advisement. Now can we get back to the script before I age another ten years?

Xena: I dunno; the graying around your temples just makes you look more distinguished.

Grissom: Really?

Willows: Come on people! Get it together!!

Xena: How can you tell if she's mad? She always has the same expression. You know, there are safer ways to make your skin look younger. Olive oil, for example. Rachael uses it all the time.

Gab: Xena, focus. You can do this.

Xena: (picking up script again). OK, I'll do it for you. But as soon as this scene is over, I'm burning these shoes.

Willows: Here we go. Thank you Detective, we'll be in touch. And....Xena!! What are you doing?

Xena: These pumps have a six-inch heel. I just wanted to see what would happen if I threw one at the side of my fake law enforcement office in fake Athens. You people need new set builders. It shouldn't have fallen over like that. Budget cuts or not, we have a quality standard here in ancient Greece, people.

Willows: AARRGGHH!!!!!!

Gab: You're right, warrior, it IS hard to tell if she's really mad. If her veins weren't bulging out of her forehead, you'd think she was smiling. Remind me never to have plastic surgery.

Willows: How about if we just move forward to the...umm...fight scene?

Xena: Now you're talking! It says here that I'm showing you the archaeological dig site where the artifacts were stolen, when we find some unsavory characters inside the temple. You hold one of them at gunpoint while the other pushes me aside and runs out the door. Are you kidding? That guy would never get past me.

Willows: Perhaps not on your show, Xena, but you're only doing a guest spot because your cleavage inspires a 40 percent ratings hike. Oh and nine out of ten dentists...I mean viewers ...enjoy your war cry. But that's beside the point. Can we just wrap this up?

Xena: I'll try.

Willows: Thank God! Okay people, places please!

Xena: (reading from script): Let me show you where the alleged weapon was unearthed. Rumor has it that there may be another chamber to this temple where additional artifacts were stored, but we haven't gotten a team down here to verify that yet.

Willows: I think there's someone in here. (draws gun on suspect bent down in corner, digging): CSI! Freeze!

As the other suspect tries to push his way past Xena, in the dust and grime of the ancient tomb, a mighty cry arises.

Xena: Oh stop whining! I barely nicked you! Besides, you're an extra. It says here in the script that your only function is to push your way past me (like THAT was ever going to happen) and run out the door. Nowhere here does it say that you are supposed to be whimpering, crying, whining like a girl, or bleeding. So...stop it.

Willows: MEDIC! We need a medic in here!

Later that night.....

Xena: I don't understand why they don't want me to show up for rehearsal tomorrow, Gabrielle. Willows said something about "exploring a different storyline," whatever that means. At least I think that's what she said. It was hard to tell.

Gab: You know, CSI may be the most popular show on national tv, but I agree...they just don't have enough fight scenes. Or sensitive chats for that matter. By the way, what did you do with that awful outfit?

Xena: Well, the blouse, skirt, slightly damaged nylons and hair tie are all going up on Ebay. I still need to make a few dinars to cover the rest of Tapert's hospital bills. I'm keeping the shoes though.

Gab: I thought you hated them.

Xena: I do, but I'm going to use them as a weapon. Ares won't know what hit him.

Gab: He's a god, Xena. I know you have many skills but I doubt throwing a six-inch stiletto at him is going to do much damage.

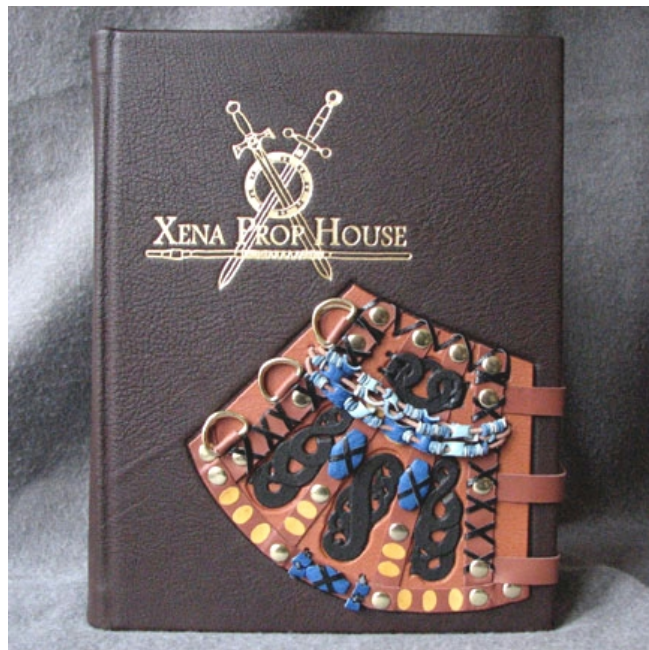

Xena: Oh don't worry, Gabrielle, I'm not going to *throw* them at him. I'm going to make him *wear* them. Pain...agony....suffering.....water blisters as big as grapefruit. Twenty minutes in these babies and he'll never come near us again.

Gab: Were they that bad?

Xena: You have no idea.....
