ANNOUNCEMENTS

1. This publication has grown to over 70 pages and even with a condensed PDF file I have run into some problems getting the email to complete transmission to certain addresses. If you do not receive the new issue by the 15th of every month please know you can pick up a copy at this link <http://xenaprophouse.ausxip.com/>

2. Prop of the Month starting in May will be any wardrobe or prop that is submitted for everyone's enjoyment. I realize the deadlines are hard to keep up with for particular items so this is a friendlier and easier way to show what you have at your convenience.

A Wicked Good Time

H6 E 7

Need to sell multiple Xena/Hercules Props and Wardrobe? Say Auction!

Lets have some fun bidding on our terms without ebay fees and build our collections through other serious Xena and Hercules enthusiasts. We all need to sell items occasionally for various reasons so instead of dealing with the ebay rules and fees lets try selling among ourselves rendering a most satisfying and fun transaction for all.

Xena Prop House will announce the starting time and end of your auction with a comprehensive presentation of what you are selling then you set up the auction. The auction will be backed by XPH through assisting and referring readers and collectors to your designated auction time circulating your email and information

throughout the duration of your auction. If you are a new reader and participant that I have never communicated with before and would like to announce your own auction no problem just give me one reference from a seasoned collector I can communicate with to verify your commitment to your auction before I can announce it. This is a great way to make quicker bulk sales but XPH will still keep **“A Day in the Life”** section for the casual individual sale items and for photo sales. I can announce multiple auctions so there is no need for a first come first serve basis. If you are too busy to run your own auction I can discuss with you a method where I can run it for you. You would still need to answer any questions about the prop/wardrobe pieces since it is in your possession and of course handle the shipping issues after the auction closes.

Auction guidelines and suggestions for the seller and what you do to get started:

1. Contact Barbie at XPH and communicate that you would like to run an email auction. Xena Prop House issues come out by the 15th of every month so you would need to make contact by the 7th of each month leaving time for the auction to be worked up by me and announced in the issue. It would be suggested to start the auction at least 4-7 days after the issue comes out on the 15th so readers have a chance to read about your auction introduce themselves as a potential bidder and your preparation to start receiving their bids.
2. Have a file ready that includes pictures, descriptions and starting bid prices of your items to be auctioned that can be inserted or attached to your email being mailed out to addresses of all interested potential bidders. I will list one picture for each item in my XPH announcement but bidders may want to request from you close-ups or additional shots of the item they are bidding on.
3. Submit to XPH the starting and ending date and time including your time zone of your auction so potential bidders can participate at any point during that time, one week duration is recommended. Extending the auction time past the date given to XPH is at the discretion of the seller, however the starting date needs to be the exact date and time as stated to XPH so all bidders have a sense that the auction is valid by starting on time as announced by XPH.
4. Decide on an "opening bid" for each item. Remember that this item could potentially sell for the opening bid, but you also want it low enough to attract bidding activity. You could also decide to accept "best offers" and have no opening bid, the amount of the highest offer is then the current "bid." Decide on what payment methods will be accepted and the shipping carrier.
5. Formulate an organized system to receive bids through email and efficiently record the bidding amounts that will create the next bid according to your designated bid increment, they should be no less than \$5.00 bids increments.

6 Circulate email daily to bidders with the current bids so they know where they stand on their bid (as they know what bid amount they submitted) and can decide to continue to email you bid increments or not.

7. Emails you send to the individual bidders should be sent to them privately or concealed so no one else knows who the other bidders are unless they disclose that among themselves. It creates a much friendlier environment for bidding if you don't know who the participants are because in many cases it may be a Xena 'friend' you are bidding against.

Here is an example:

Hello everyone,

Here is where the bids stand as of the end of the day

- Sword: \$125
- Gauntlets: \$50
- Boots: \$50
- Tankard: \$25

Bids will be accepted until the Auction closes at your designated DATE AND TIME to also include your time zone.

The following day, do the same thing. Anyone can email you at anytime to bid; but only the current prices are shown. Your final email can show names if you so choose. For example:

Hello everyone,

Here are the RESULTS of the auction, and the winners

- Sword: \$235-Barbie
- Gauntlets: \$89-Morgan
- Boots: \$120-Tedra
- Tankard: \$90-Chris

Bidding is closed. Winning bidders will receive 'congratulations you won' email asking for addresses from winners so payment instructions and shipping information can be given.

That's it! You are in business on your own but with a little help!

Auction guidelines and suggestions for the bidders

1. If you may be interested in bidding on announced items you can email the seller early to get on board or anytime during the auction. You are not

- obligated to bid at any time but will be recognized as a potential bidder that may be waiting to see how high items go before you decide to bid or **not**.
2. If you do place a bid please make sure you can honor that bid amount. Bid retractions can cause an unpleasant trickle down effect to other bidders.

Any questions comments or suggestions on these auctions backed by Xena Prop House please email allaboutartgalry@aol.com Please read the Xena Prop House disclosure on page 75 of this publication in red before announcing or participating in these auctions. **-Barbie Arms-**

Prop of the Month

Shoes and Sandals

Owned by Morgan Fallen Angel Sandals

Here are Gabrielle's feathery sandals from the very beginning of the season 5 episode, Fallen Angel. They are sprayed gold with white feathers glued on. The tape inside on each sandal says "Renee," so these were worn by her and not her double! They can be seen onscreen when Xena and Gab are sitting on the big rock waiting to go to Heaven. Their guardian angels come and get them and as they lift up Gab, you get a quick glimpse of them and then when she falls towards Hell, you see them as she is going down. They were worn with the white gown that Renee had on just before she became an archangel and got the new outfit. Very nice item, and well worn. You can even see the toe prints!

**King Tyndareus shoes with label from Season Four Hercules Episode
“Armageddon Now” Part 1**

**Really beautiful stitching and detail. I am in need of the shoes Lucy wore
as Ezra and thought if I ever put the Ezra dress on a mannequin these gold
shoe tips could poke out the bottom as the dress has a lot of gold in it and
they could be useful for that effect.**

1 & 2. These pairs of shoes are of Asian descent, they are made of a black light canvas type material with white canvas bottom. The first pair has a straight cut instep with elastic sewn in the sides for foot adjustment where as the second pair has just a V style cut on the instep.

3. This is a pair of sandals with thick canvas and shell trimming. There are no costumers labels as to what character but I have put them in my web site with the lady peasants outfit...a little fancy probably more of a noble ladies style though. Very well made and probably about a ladies size 7.

4. These lace up sandals are the same style worn by Carl Urban (Caesar) in the episode 'When the Fates Collide'. They are all leather with metal roman style plates in the front for decoration and lots of brass studs. They do not have any costumers labels or size labels These are about a men's size 11 or 12 and lace all the way up the front .

5. These sandals are the set that came with my Roman messenger's outfit and are made of all leather. If you notice they have long leather straps that wrap around your ankles and then tie. There is a costumers label but the ink has since faded before I got them. Probably around a men's size 11.

X 6 E 1

Here are items available for trade or sale to *match back up* with the props or wardrobe.

I am on a mission to try and see if I can network collectors to match up wardrobe and props that got separated during the feverish Auctions that occurred years ago. Everything was scattered to all four corners of the earth and bringing them back together again is a venture I enjoy, one prop at a time!

Morgan has For Sale

Hrothgar extra belt pieces to anyone who might have the full costume or at least the belt. It would match up nicely. Notice here another yellow tag.

xenasbard@earthlink.net

Mark Has
Available for Sale

Prince Hercules boots worn by Kevin's stunt double, Patrick Kake, who in recent years has earned a name for himself as an actor: among various roles, he was Oreius the Centaur in the movie [The Chronicles of Narnia: The Lion, the Witch and the Wardrobe](#) .

Having watched the It's A Wrap-Yahoo auctions obsessively, Mark recalls seeing the Prince Hercules cossie selling, minus the boots. It wasn't until the It's A Wrap warehouse sale (post auctions) that he found the boots in a big container of various boots/shoes. The boots were mostly shipped in separate containers, which may explain why many cossies were sold without their respective footwear.

The boots are practically mint, so Patrick must not have had much action in that episode. The two boots are tied together and the studio tag reads "Prince Herc" and labels inside both boots have Patrick Kake's name. Watching the episode you'll see these are definitely the boots for the costume, they are black leather and lace up the sides rather than the front.

Notice the very common manila tag.

Anyone who has this wardrobe can purchase the boots for \$100 plus shipping the same price Mark originally paid.

Please contact jack_deth13@yahoo.com

Lilias has

Available for Sale or Trade

For Sale Valkyrie boots labeled "Grin Stunt" to go with anyone who has the Grinhilda Wardrobe.

Here are items that were newly acquired and brought back together with pieces already in collections.

Here's a pic of what he thought was a horse head until it was seen with horns from Hercules episode "Norse by Norsevest". The horns were boxed

up and he just thought they were spare parts for the makings of an amazon headdress or something, who would have ever thought they would have gone together. The head had the holes and the horns even had the wooden pegs and were cut at an angle to fit behind its ears. **Mart still has another pair of horns if anyone has another head he can either sell his horns or buy the head.** The second pair does not have pegs, but has peg holes.

THANK YOU ALL FOR YOUR DONATIONS!

I run the auctions under ebay member name [inthelightofthemoon2](#). I loved when Xena and Gabrielle would lie down at night under the stars and talk calmly after a long DAY.

Announcement

Morgan donated some wonderful Xena items to XPH. We are waiting for the kindred Spirits Sanctuary that takes in abused farm animals and dogs to complete their sign up with ebay giving works powered by Mission Fish so I can run the auction. We will keep you posted, thank you Morgan!

Also Lorraine donated a Lucy gown to XPH and it was included in the Ausxip auction that started on March 20th in honor of Lucy's birthday. There was a bid on the dress and proceeds will go to Starship. Thank you Kimba!

Would Xena and Hercules collectors like the chance to meet face to face? How about hearing presentations on props and costumes geared toward the collector? Would you like to have a place where you can exchange ideas on conservation and display, on price negotiations and value, and on authenticity and verification? How about a setting where we can share items with each other and not worry about security and crowd control?

It's not too soon to start thinking about just such a collectors' gathering. It could be scheduled around the annual Southern California convention if a lot of collectors are planning to attend that, or it could be decoupled from the convention and could be a stand-alone event.

Please email me your thoughts on such a gathering at c.clogston@gmail.com -- I'd love to hear from you!

NEW SECTION!

THE QUILL IS MIGHTIER

Here is a new section that will be written and submitted by Morgan Sumners every month. Her humorous wit is just too precious and this will be a permanent section, Enjoy!

Have you ever noticed how many “themed” travel events there are these days? You can book a vacation strictly for the purpose of eating and drinking your way through Europe, incur multiple insect bites, unsightly rashes and assorted flesh wounds on those “extreme” vacations, and I won’t even mention the multiple choices you have for booking a specialty cruise. This is mostly because I’m getting old, and I can’t remember them all. However, my memory is crystal clear on one thing: The travel agents of the world are sitting on a major cash cow (hopefully with a saddle pad...cattle have uncomfortable backbones!) and don’t even realize the gargantuan moneymaking potential. I’m talking about...what else.... Vacations especially designed for prop collectors! Or as my mother likes to say, “You spent \$1200 on WHAT??”

Yes, it’s about time that someone created a vacation package that no prop collector worth their weight in weapons could possibly miss. After all, we’d crawl fifteen miles on broken glass just to sweat in the shadow of a travel company who could provide catered meals, group events, and dumpster diving at the old PAC REN studios in New Zealand. In fact, I had a dream about it the other night. I took this to mean that I just had a grand Epiphany...I mean *Epiphany*....or perhaps it was just too much garlic and spinach pizza before bed. At any rate, it went something like this:

Morgan: Hey Barbie, did you find anything?

Barbie: (sifting through the sand with a spaghetti strainer outside the old Turner Auction grounds) No, not yet. But this little partially shiny element could be a wayward remnant off some Roman soldier’s costume. The metal’s rusting, but it definitely reeks of Pompey, Brutus, and ugly centurion thugs.

Morgan: You’re right! It kind of looks like that button on that one officer’s costume in that one episode where that guy beats up that other guy outside of that castle where the king with the funny looking helmet was, after they rode out on those brown horses with the little tassles on the bridle covers. Hmm...I wonder who has those tassles.....

Mart: (running over, hermetically sealed plastic bag in hand): You guys! I tracked down the old RENPAC dumpster! I was assured this is the same exact dumpster that was parked outside the studio from 1998 to 2001. Look here!

Paul (pulling magnifying glass out of pocket): “Mart, you’re a genius! We’re sure this is the faded corner of an original production storyboard from “One Against an Army!”

Kimba: (pulling the paper off the side of the dumpster with sterilized tweezers) I love the smell of perfectly preserved warrior sweat in the morning!

Mark: There’s warrior sweat on there?

Kimba: There has to be! Did you see how much Lucy perspired during that scene? The woman kicked some serious butt; it was great!

Christina: (gazing thoughtfully at an innocent bystander, about to be unwittingly drawn into the ensuing drama) Hey, someone grab that guy over there and see if he'll take our picture next to the dumpster.

Mart: I wonder if the dumpster is for sale? It is after all, a smelly yet strangely iconic receptacle for rejected authentic production material.

Chris: True, but it'll never clear customs. We better settle for the picture.

Phil: I see the sun beginning to go down behind the trees where they filmed "Looking Death in the Eye." Do we have time to search the perimeter of the old studio?

Chris: I'm not sure we do. It says here on the schedule that we have to be back to the hotel by 5:00 because they're serving dinner in resin bowls cast from the actual fragmented mould of Xena's painted foam chakram...

Carin: Complete with genuine, set-used napkins from the 5th season wrap party?

Beth: Yeah, and it's a roman theme. They're having Caesar salad.

Brad: I hope they don't make me wear a toga. Those belts do not go with these leather boots.

Chris: Should we worry about Liliass? She's been gone for a while.

Tedra: Naw, she'll be fine. We left her on the actual beach where they filmed "Return of the Valkyrie." She was happily sifting through the sand, trying to screen match a rather stationary boulder to a continuity photo of Beowulf that she found stuck in between the wall and the fraying carpet over at the studio.

All: (awestruck) Ohhhhhhh.....continuity photo!

Randi: Is it dinnertime already? I haven't even had a minute to look at the fabric strands that we believe could be from the blanket of Odin's flying horse.... Although it's gonna be hard to prove that without a mass-spectrometer.

Liliass (out of breath, covered in sand) I got a splinter! I got a splinter!

Carin: No worries, Liliass. We've got bandaids. They aren't actual production material from the RENPAC medics, but they work just as well. And they have cute little puppies on them.

Liliass: No, I mean, I found a wood splinter that could potentially be from the dock that Gabrielle fell off of in "Fins Femmes and Gems!" If only we had more time to look around this place!

Barbie: Everyone try to stay calm. We have another half hour tomorrow with the dumpster. They worked it in between the “potentially embedded arrowhead finding mission” through the Amazon forest and lunch with the guy who swept the floor at PAC REN after hours.

Chris: I bet that guy’s got some stories to tell.

Morgan: I bet that guy’s got some memorabilia, heroically rescued from the garbage cans in the wardrobe department.

Mark: I wonder if he wants to SELL anything.....

And then I woke up.....but I’d bet the armor off my mannequin’s back that this would be a huge success!. Wait...no, I really like that armor...how about a bag of sand from the walkway outside the PAC REN studios instead?

-Morgan Sumners-
